INTRODUCTION

The Mercer County Chapter of the Ohio Genealogical Society is pleased to share the information that has become known to us in this updated version of Volume I.

It is impossible to know the names of everyone buried in these cemeteries. Our efforts in this volume have focused on Swamp College and Petrie Cemeteries. Many names have been found on old burial permits, lot owner maps, cemetery record books, and information found at the Jefferson Township Trustees Office.

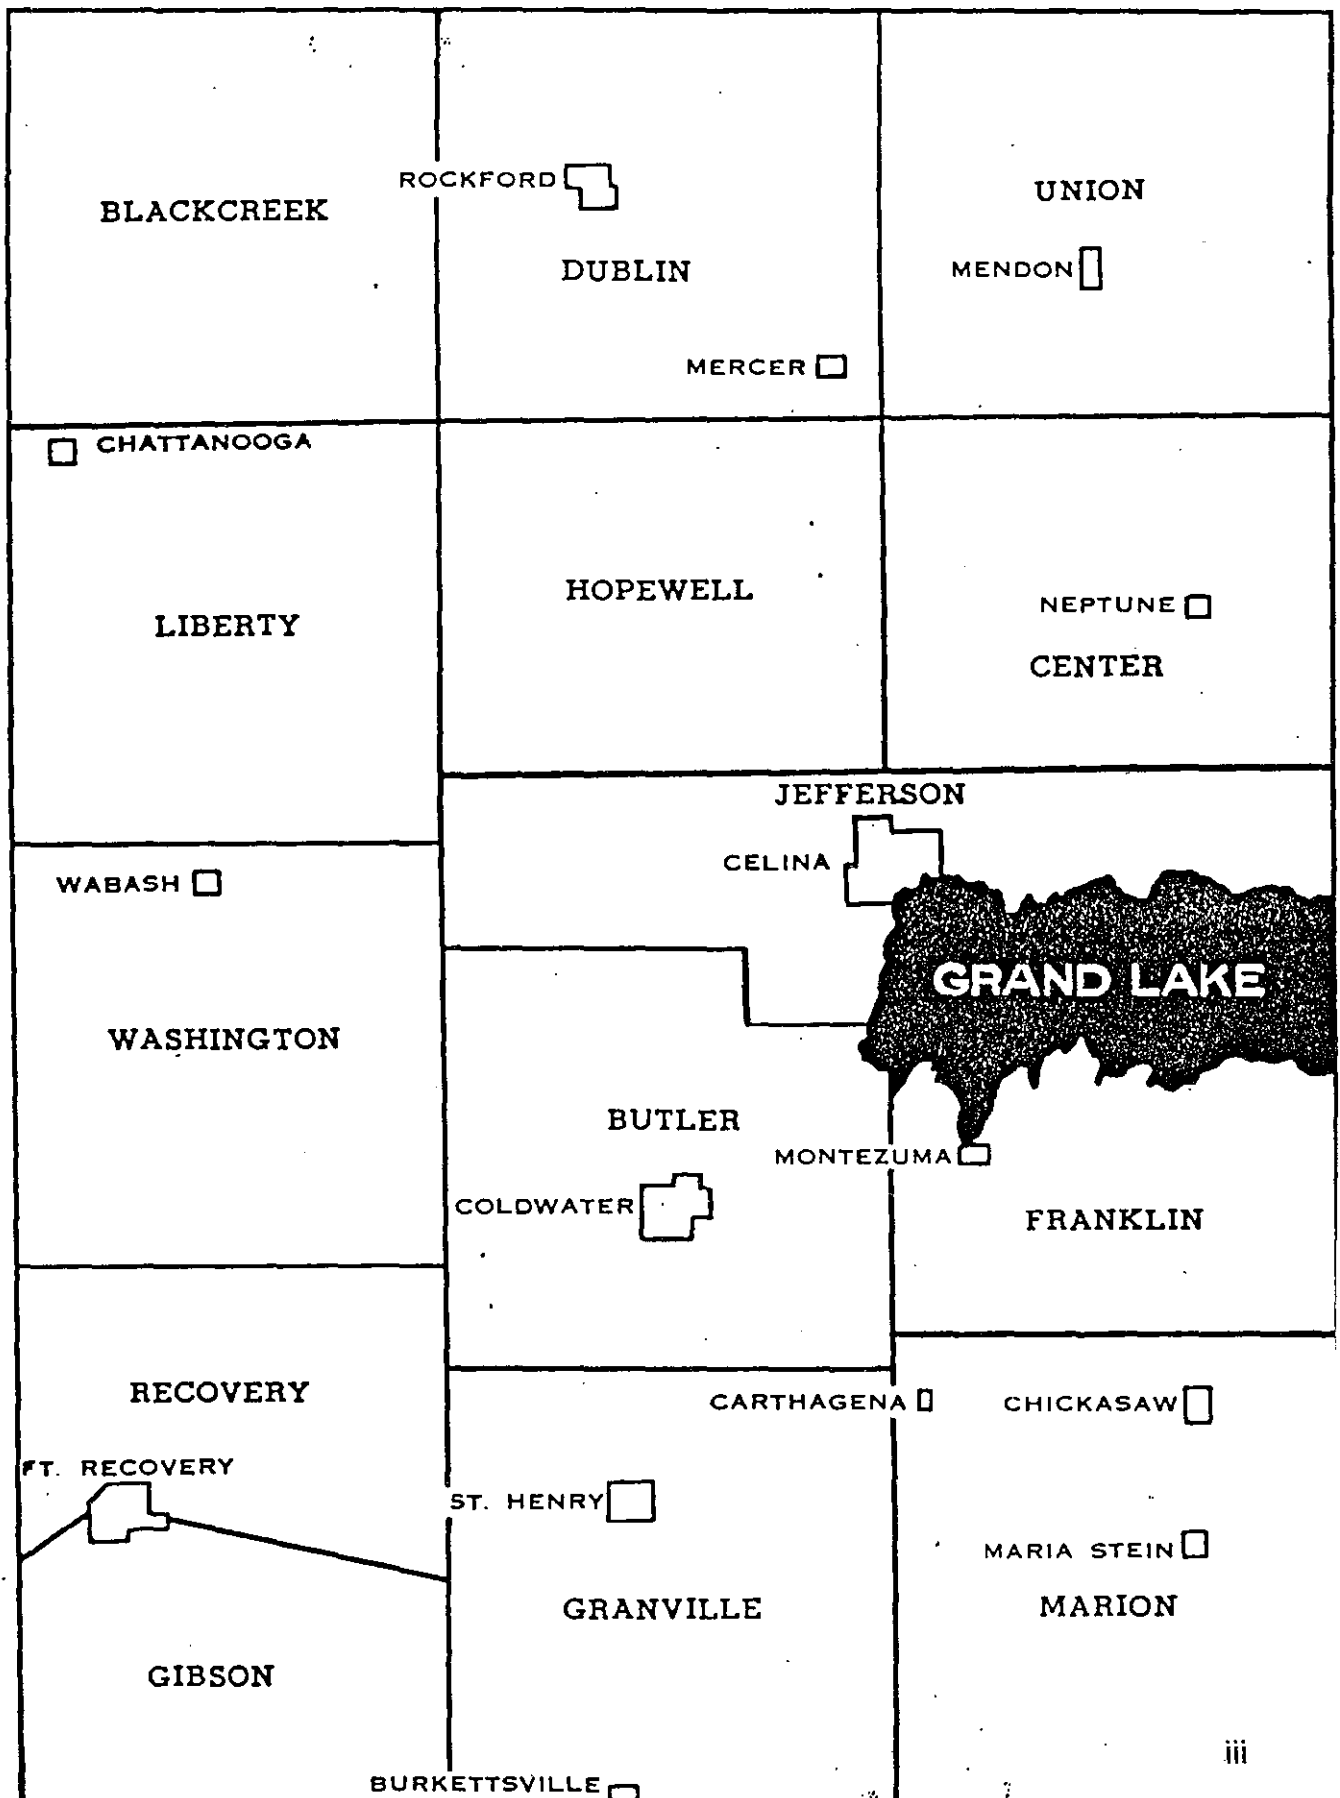

We want to acknowledge the special effort of the caretakers of Swamp College Cemetery, Robert and Nancy May. Nancy spent hours searching through records and putting the data on index cards. A publication of this size and preciseness would not have been possible without her dedication.

With deep respect and admiration for our ancestors and their past lives, we dedicate this updated volume to their memory.

OLDTOWN CEMETERY

Oldtown Cemetery is located in Jefferson Township, Section 4, west of the northeast corner SE1/4 NE1/4. It is a few miles east of Celina on State Route 703 near the Western Ohio Branch Campus of Wright State University.

Robert Linzee, one of the first pioneers of Mercer County, Ohio bought the land from the State of Ohio. The deed was recorded July 4, 1833 (Book C, page 176).

On November 28, 1836, a deed was recorded (Book D, page 409) in which Robert Linzee conveyed a certain tract of land to the school directors of Oldtown District No. 3 and their successors for the purpose of a graveyard, a schoolhouse, and a schoolyard. The land was to remain under the guardianship of the school directors for the purpose stated. If at a later time the situation was altered, their successors were to keep the land for the use of the Township or School District as the case may be for the graveyard, as long as the wood grows and water runs.

Robert Linzee and his wife Susan had another deed recorded (Book K, page 227) on August 5, 1842 to the School District to correct an error in description in the earlier deed. The latter deed mentions a Mahons grave.

A quit claim deed recorded on December 30, 1904 (Book 80, page 394) by the Jefferson Township Board of Education with B. L. Younger, President, to the Trustees of Jefferson Township - namely Christian Fanger, H. A. Jewett, and J. C. Brandon. The same description of land is given as being a cemetery known as Oldtown Cemetery.

Information on the early settlers at Oldtown is scarce. However, the people buried in the cemetery are no doubt the first ones living in that community along with their descendants.

PETRIE Cemetery — Jefferson Twp.
Mercer Co., OH

PETRIE CEMETERY

The Petrie Cemetery is located south of State Route 29 at the west edge of Celina, Ohio and at the corner of Sycamore and Portland Streets, Jefferson Twp., Mercer Co. It is a very old fenced-in cemetery donated for a public burial ground and was platted in 1839 as an out lot. Rufus Stearns and James W. Riley also platted the town of Celina.

The cemetery is adjoining the George Petrie farm. George was born August 7, 1821 in Lancaster Co., Pennsylvania. After the Petrie family left Pennsylvania they located in Indiana for a short time before coming to Ohio. He was married twice and became the father of several children. Three of his sons were carpenters and constructed many bank barns in this area including one on their fathers farm at the west end of Celina along State Route 29 where the V.F.W. and Jacksons' garage are now located.

One of George's sons, William Henry, but known as Henry, married Mary Mosier. Their son was Newton Petrie, the father of Clarence of Ft. Wayne, Gladys Feters and Lawrence Petrie of Celina.

Mabel Beachler remembers visiting the Petrie Cemetery many times with her mother when quite young as her great grandparents, Hezekiah K. Trenary and his wife Elizabeth Handel Trenary, are buried there. Elizabeth's name is not on their stone, only the word "Grandma". Nancy, their daughter, was also laid to rest there.

SWAMP COLLEGE CEMETERY (aka Beaver Creek)

In Section 8, West Jefferson Township, Swamp College Cemetery is divided into east and west sections by Karch Road.

On April 27, 1866, John Patterson Redman deeded to the trustees of Beaver Cemetery, one acre of land for a cemetery on the east side of Karch Road. Then on March 7, 1888 he deeded an additional one acre to the trustees and again on April 13, 1888 a third acre was added to the cemetery from the Redman farm. One section (east side, Section D) is now called the Redman addition.

John P. Redman gave each of his children burial spaces. John P. Redman and his wife, Edith, had the following children: James, William, Thomas Allen, Minnie (Mrs. John Miller), Dessie (Mrs. James Detrick), Zada, Sarah, Rhoda, and John. All are buried here except Minnie and Dessie. Other family members buried here include a foster son Ezra Lacy and his wife, and some of John's sisters.

Some of the records of the middle section on the east side were destroyed by fire many years ago. Encircling a large tree at the back of this section is a group of fallen stones.

On August 3, 1887, David H. Richardson and his wife, Mary, deeded 45/100 of an acre to Jacob Meyer, William McCoy, John Hole, Isaac Gallehue and Allen Robison, then trustees of Beaver Creek Chapel Church (a Christian Church) for the "use of said trustees as long as used for church purposes, to be open to all Orthodox denominations for church purposes when not in use by said Beaver Creek Chapel and to be open to all funerals at all times." Beaver Creek Chapel has been known as Beaver Chapel Congregational Christian Church in recent years. This church is situated at the corner of Swamp Road and Karch Road in the corner of the graveyard.

Mary L. and David H. Richardson sold five acres to the Jefferson Township trustees, James Stager, Roy Lincoln, and John Smith, for one-thousand dollars on January 29, 1914, also to be used for cemetery purposes, creating the new section on the west side. Later the Karch family also deeded five acres, making additional sections.

The Celina American Legion Post 210 and the Coldwater American Legion Post 470 worked together in the construction of a memorial for the veterans and this memorial was dedicated July 4, 1976.
