FOREWORD

The Mercer County Genealogical Society directs many of its efforts to preserving the cemetery inscriptions of Mercer County.

It is the goal of the Society to trace and to help others trace the descent of people. Cemeteries hold records of those who lived before. Not only names, but dates, relationships and historical events have been inscribed upon tombstones or monuments. Throughout the years many cemeteries have been abandoned, moved, poorly maintained or no longer exist.

In this volume, the Society wishes to share with you the inscriptions of Center and Union Township Cemeteries which were found to be available. Several of the small cemeteries in this area were family plots and are located in a field some distance from our paved roads and highways and have been abandoned. In some cases the only way you can get to them is on foot. Most of the cemeteries are well kept by the trustees, some were cleared this last year in order for them to be read and the inscriptions recorded. We trust the information will be interesting and useful.

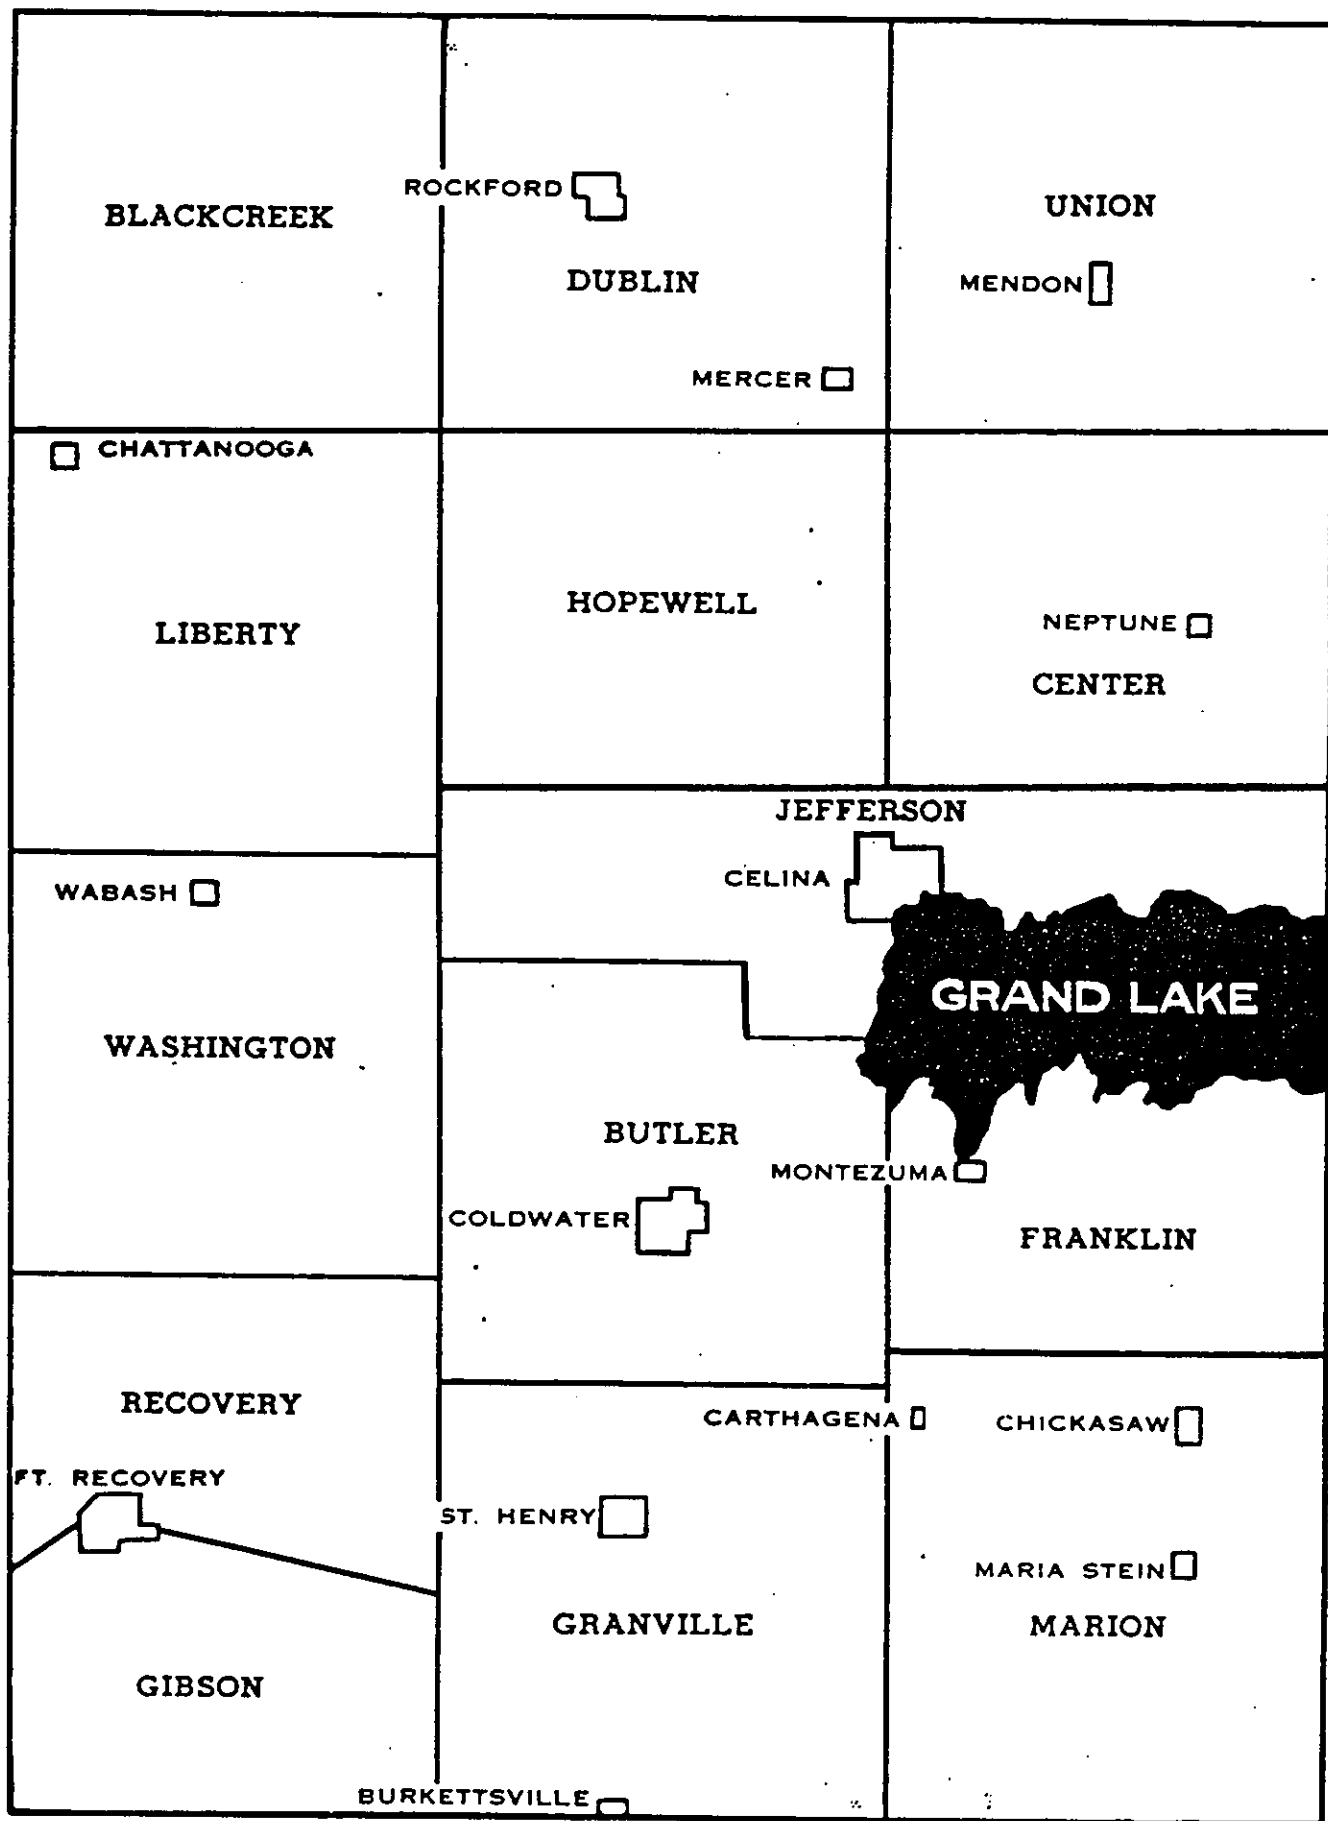

We would like to thank the trustees of Center and Union Townships for their donations and support while we were reading these cemeteries and compiling this book.

The Mercer County Chapter of the Ohio Genealogical Society is not responsible for any errors in this publication.

**BONIFIELD FAMILY PLOT
(Center Township)**

This private family cemetery is located on a farm in Neptune, Ohio just south of State Route 33 in Center Township, Sec. 15. The land was originally a land grant to Joseph VanFleet and consists of three lots and .25 acre.

In 1827 William Bonifield, with his wife and children, came to Mercer County locating on this property. Bonifield cleared the land and with the timber built a log house, barn and other buildings. Then he built two large buildings in Neptune, one a general store where settlers could buy supplies, the other building an "Inn" where weary travelers could rest before going on their way.

There are no markers locating these graves, but a large oak tree serves as a memorial:

BONIFIELD: William d 1838
BONIFIELD: inf d/o William
BONIFIELD: Arnold s/o William

The present owner of the farm where these graves are located is Marion Huckemeyer.

**UNNAMED PLOT
(Center Township)**

Also in Center Township, is a gravesite with the name:

SPICER: Samuel S. 1770 - 1835

engraved on the monument. The grave is located in a field just inside a fence, forty rods east of the Mendon-Neptune Road, on the south side of Burd Road.

FAIRVIEW CEMETERY

Center Township

The Fairview Cemetery is located about four miles north of Celina, Ohio at the corner of Oregon Road and Celina-Mendon Road; also two miles west of Neptune.

The land was originally a U.S. land grant to Eli Yoast. The church was organized by W. P. Small at the home of Jesse Keyser in 1866 with 12 or 13 members. The Church of God purchased .75 acre for the church and cemetery; the church building was erected in 1867.

Fairview Church of God was closed and sold because of small attendance and was torn down in 1962. The cemetery was sold to the Center Township trustees in July 1963 for \$150.00. The standing committee authorized the sale of the building with proceeds to go to New Horizons.

ROBERTS CEMETERY
aka
OREGON-ROBERTS
Center Township

This cemetery is in Sec. 7 of Center Township and located three miles south of the intersection of US Route 33 and State Route 127, then ½ mile east on the Oregon Road. It is known as the Roberts Cemetery because Joshua Roberts donated the land for the cemetery. It has served as the burial grounds for the Copp church members and for the neighborhood surrounding the church which was located on the south side of Oregon Road at the corner of US Route 127 and Oregon Road.

At the time the church was closed, the church building was purchased by Grover Nuding to be used for his barn. It is still standing and being used for a barn.

Many people buried here came to the county from Fairfield and Hocking Counties in Ohio.

This burial plot was a land grant to Henry Beery and was acquired by the trustees for burial purposes in 1884 and consists of 1.5 acres. The cemetery is well cared for by the caretaker and the township trustees.

COIL FAMILY BURIAL PLOT Union Township

This family burial plot was owned by Andrew Coil and used as a private cemetery. Andrew was the originator of Coiltown which was laid out in 1824 but soon was non-existent. His daughter Elizabeth married Thomas Parrott, who played a major role in the origin of Mendon.

The cemetery is located in Section 21 of Union Township about ½ mile west of Mendon on State Route 707 to the Max Shaffer farm, then go north to an uncultivated part of the field a short distance from the St. Marys river.

Many stones are broken, buried or missing. It is believed that Andrew Coil was buried here, but to date no stone has been found. Approximately nine stones are visible, all lying flat on the ground except two large stones, one with the name of John H. and Sarah, wife of John, one with the name of Jeremiah H. and his wife Elizabeth. Jeremiah's stone is a large stone toppled over with the top resting on part of the base.

This burial plot consisting of .25 of an acre is marked with a large pine tree at the end of the plot.

Most of the area is marked off with small cement markers with the initials J.H.C. at each end of the plot.

Names on the existing stones reads as follows:

COIL: Jeremiah H. d. 25 Apr 1873 71-5-19

GOODWIN – RHODES BURIAL PLOT Union Township

This burial plot is located in Section 2 in Union Township, one half mile south of the Mercer-Van Wert County Line Road in the southeast corner of the farm once owned by John Goodwin, Sr. Fay R. Boroff and his sister, grandchildren of John Goodwin, Sr., lived on this farm for many years. The heirs of Richard Boroff were owners until 1980, when the farm was sold to James Rider Krendl. John Goodwin, Sr. is also the father of Samantha E. and Isham B. Goodwin, who are buried in this burial plot with a large granite monument marking their grave in the center of this plot. The monument is still in very good condition.

A stone with the name Nathaniel Rhodes was seen about 15 years ago but could not be read. This stone could not be found at the last reading in 1987. Nathaniel was born in December of 1825 and died in 1916. He was married in 1867 to Rachel Rhoades who was born on 24 Nov 1847 and died 3 Nov 1946 and was buried in the Van Wert Cemetery.

John J. Rhodes was the only living child of Nathaniel Rhodes and Rachel Rhoades. Rachel's parents are John and Sophia Rhoades and they are also buried here, with no marker. John was born in 1817 and his death date is not known. Sophia was born 27 Oct 1820 and died 30 Oct 1903.

The Union Township Trustees of Mendon, O. have recently cleared the brush from this burial plot and are planning on improving the cemetery in other ways, which is no longer used for burials.

HAMILTON-BETHEL CEMETERY
or
BETHEL
Union Township

The history on the Bethel cemetery was obtained from the P.W.A. Atlas, by reading the cemetery, the Census and the Court House Records.

The Bethel Cemetery is located in Section 26, in Union Township, Mercer County, Ohio three miles from Mendon, Ohio on the Mendon-Neptune Road, then $\frac{1}{4}$ mile east on the Mercer Road. The cemetery lies on the banks of the Eight-mile creek and opposite the Hamilton-Bethel Church. The land for the cemetery was a U.S. land grant to William Hamilton and was acquired by the trustees from the Hamilton heirs in 1872 and 1877.

The first burial was Maria Hamilton, daughter of William and Almira C. Abbey Hamilton in 1835. This William was the brother of Justin Hamilton, well-known early pioneer of Union Township.

This cemetery, containing 2.5 of an acre, is very well kept by the caretaker and the trustees and is still being used for burials.

HUSSEY CEMETERY

Union Township

This small private burial ground is located approximately 2½ miles east of Mendon on Deep Cut Road then south about ¼ mile on Elgin Road. It is located on the west side of Section 24 in Union Township on a hill on what was the J. Milton Hussey farm for 100 years. This section of land was a land grant to William Hussey in 1843 and was set aside for burial purposes in 1843 and consists of .25 acre. Inscriptions for this cemetery were first read in 1956. There are approximately 45 burials in this family plot.

William Hussey 1802 - 1865 married Jane Edwards 1803 - 1890. They lived in Highland Co., Ohio. In 1839 they bought land in Section 24 in Union Township and moved to Mercer County where they reared their family. As was most of the land at that time, very little was cleared, but they set work at the enormous task. A portion of the land was set aside for a burial plot.

The Hussey family have been in America since the earliest days (in the 1600's) and are able to trace their ancestry back to England and the time of William the Conqueror.

This is the burial place of Thomas Parrott, who along with Justin Hamilton, laid out the town of Mendon, also his wife Elizabeth Coil Parrott is buried here.

He died 3 Jul 1928 at the age of 79 years, 10 months and 19 days and is probably the last to be buried here. There was no stone found, but it is possible that it could have been overlooked on account of the undergrowth found in the cemetery.

MENDON CEMETERY Union Township

This is a cemetery to be used for burial purposes by the town and surrounding area of Mendon. It is located on State Route 707 one mile north of Mendon in the Northeast corner of the Wayne Fireoved farm, adjoining the John Adams farm. It is in Section 16 and contains 5.5 acres. The land was from the State of Ohio to George Frank in 1871, and to David Fireoved to Mendon village in 1889 for public use.

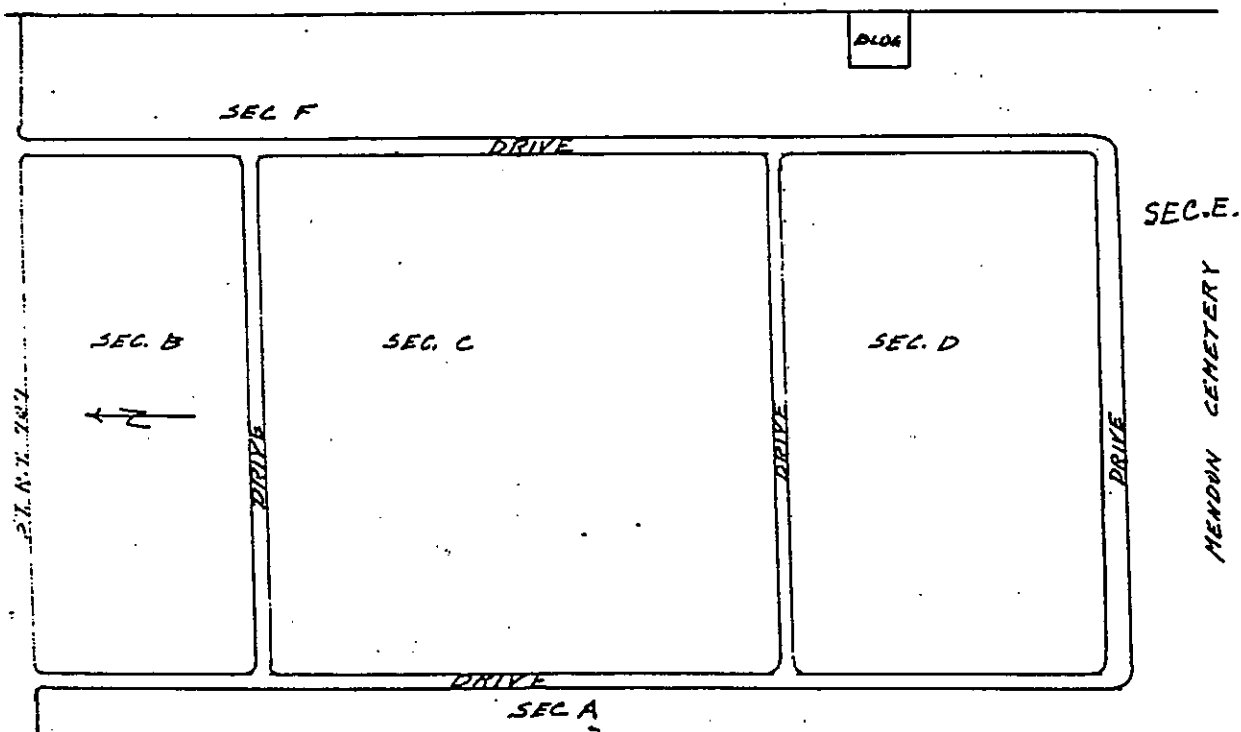

In 1906 a fence was built around three sides of the cemetery, a hitching rack for horses was then erected across the front of the cemetery. Around 1911 lots were selling for five and ten dollars. In 1913 a mausoleum was built in the spot where the flagpole now stands. An iron fence was erected across the front of the cemetery in 1914. Maple and elm trees were set out in 1917.

The mausoleum was torn down because of deterioration in the early 1940's. Sometime after 1958 the Hayes cemetery was moved to the Mendon Cemetery.

Through the years this cemetery has been well cared for by the following: Willis Hays, O. W. Spicer, Perry Bogart, Joe Drake Jr., J. W. Dotson, Clarence Dotson, Harry Emans, Waldo Thomas, Dale Hays, Louie Howell, Tim Rickard and at the present time by Benny Young family.

For some time now, the cemetery has been under the supervision of the Mendon Town Council.

The most recent change in the Mendon Cemetery is a flagpole that was erected by donations from people who at one time or another lived in or near Mendon. The flagpole has been erected to honor the Veterans of All Wars. A dedication of this flagpole was held on Nov. 9, 1986 by the committee who were in charge of erecting the flagpole.

MURLIN or MERLIN CEMETERY
Union Township

This family burial ground is listed as the latter spelling in the P.W.A. Atlas in the Mercer County Court House. The plot was located in Section 32, across the Twelve Mile Creek, North of Hamilton Cemetery on the Mercer Road, in a very inaccessible location. This plot was started by Daniel Murlin in 1834 and consisted of .25 of an acre, which is now owned by Glen Harner. Walter Murlin remembered a large Murlin stone surrounded by an iron fence, which disappeared during the depression days. Others remember seeing two small childrens stones marked with a rail fence. One rumor circulating is that they were Indian graves, and although these stones were seen in the late thirties to early forties, today they are non-existent. Another rumor tells the story that these children had a contagious disease, and were buried there for health reasons. Daniel and his wife Laura L. Davis Murlin are buried in the Hamilton Bethel Cemetery, and it might be assumed that someone moved them accounting for the disappearance of the Murlin stone. No doubt the small stones might be found someday, just below the surface where as yet, the land surrounding them remains intact.

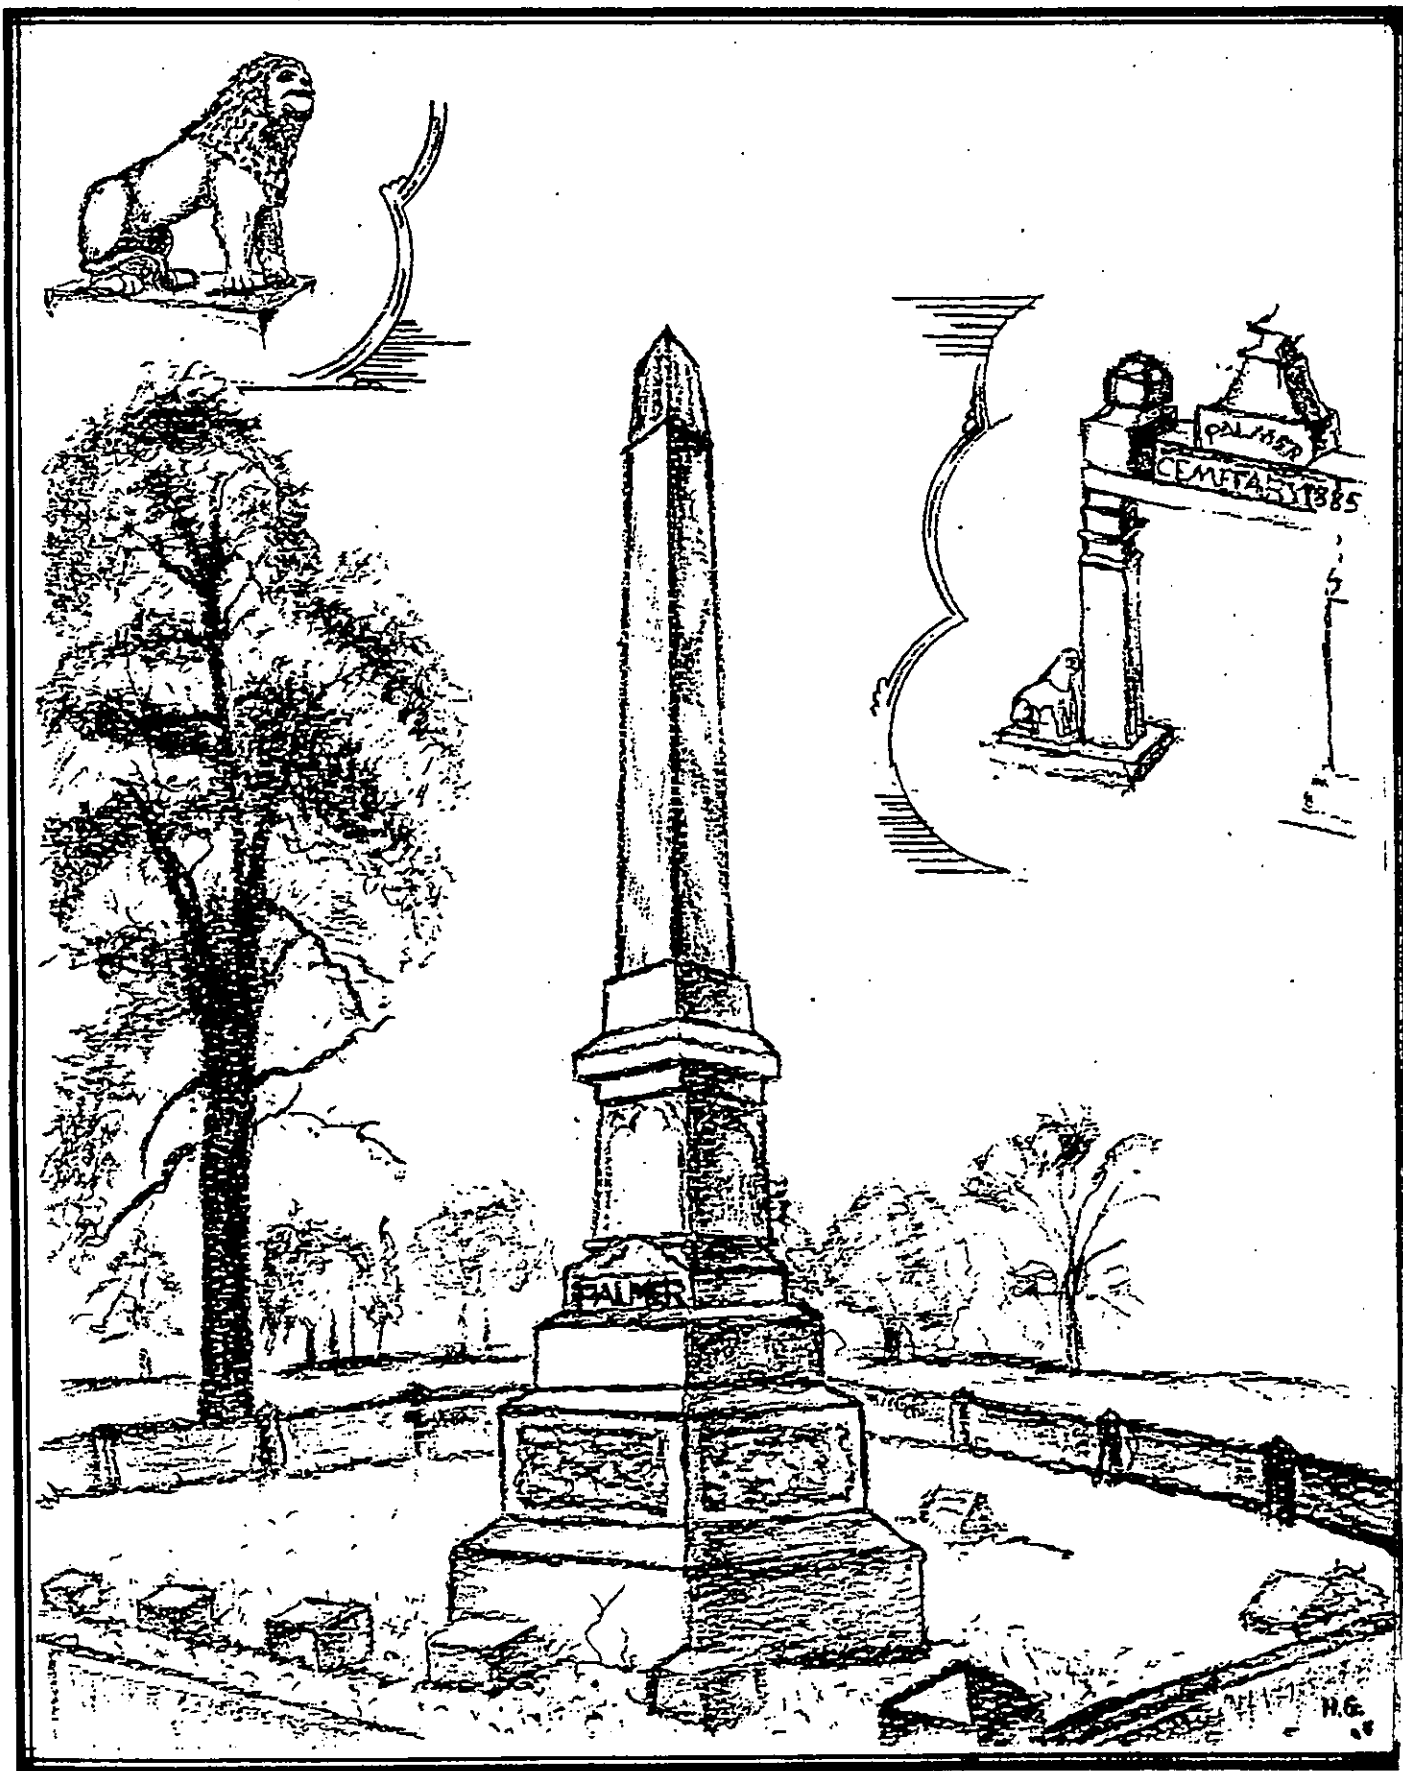

The Merlin Cemetery is located 1½ mile Southwest of Mendon, O. in Union Township, The cemetery consists of four plots.

In the records he is listed as being in the Merlin Cemetery located 1½ miles Southwest of Mendon, O.

PALMER CEMETERY **Union Township**

This cemetery is located in Section 19, on the Palmer Road one half mile north of Route 707, in Union Township, west of Mendon, Ohio and one and one half mile east of State Route 127 and consists of .25 of an acre.

Richard Palmer, (1779 - 1852), after serving as a blacksmith at the fort at Ft. Wayne, Indiana, came to Miami County, Ohio, where he married Hannah (WEBB) (1791 - 1838) around 1809. They lived on a farm near Casstown, where they reared their family. In 1832 he acquired a large tract of land in Mercer County and the entire family moved to this county. As was the custom in the pioneer days a portion of the farm was set aside for burial purposes.

Their children were Permelia, Hulda, John, Benjamin, an infant daughter, Joseph and Thomas, who were twins. Two of Richard's sons, Joseph and Thomas, the twins, decided to honor this burial place and contracted with the Halter Co., of Lima, Ohio for a fine memorial, to be patterned after something that they had observed in California. It is said that the brothers traded an eighty acre farm to the builder for his work.

In the center of this plot stands a tall slender granite monument. A fence made of sandstone slabs surrounds the graves. Originally, wrought iron gates were in the opening of the fence. At the entrance to the long driveway is a tall stone arch flanked by two stone lions. This memorial was constructed in 1884 and is very impressive to see. This cemetery is well cared for by relatives of the deceased members of the Palmer family buried here. The last burial in this cemetery was in 1969. Grave sites have been marked off on the west side of the cemetery for future burials if anyone wishes to be buried in this cemetery.

SHERER CEMETERY Union Township

This cemetery is located in Section 22 of Union Township, 3/8 of a mile north and east of Mendon, Ohio on the south side of Deep Cut Road on the banks of the St. Marys River.

There are several nice shade trees in this cemetery and it is very well kept by the caretaker.

This cemetery plot, consisting of 1.25 acres was once owned by Jacob Sherer and was set aside for burial purposes in 1856.

The first reading of this cemetery was in 1953 and when read again in 1986 some of the stones were missing since the first reading.

Jacob Sherer's wife, Mahala, was the last burial here in 1930.

TOMLINSON CEMETERY
(aka Wesley)
Union Township

This attractive Cemetery is located in Union Township, approximately one and one half miles east of State Route 127, at the corner of Tomlinson Road and the Mercer-Van Wert County Line Road. It is situated across the Tomlinson Road from Wesley Chapel Church. Two brick churches were built on this site; the second was erected in 1912.

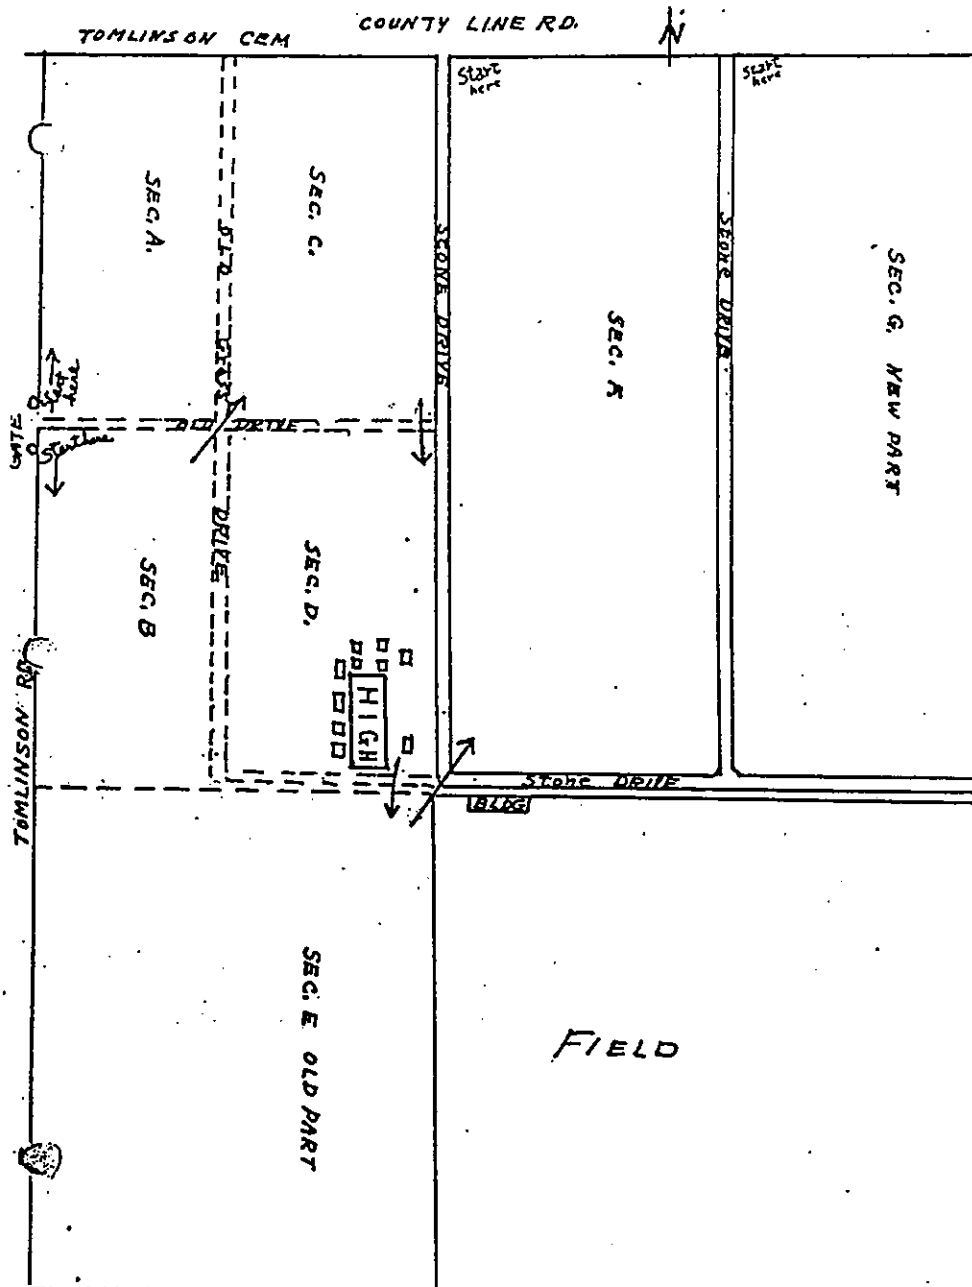

The land on which the Cemetery is located was originally a land grant to Harrison Boroff. It was purchased by the Trustees of Union Township, Mercer County and of York Township, Van Wert County in 1883. Additional land was obtained in 1885 according to the PWA Atlas. In 1883, there was a new settlement of five families composed of John Bevington, John Tomlinson, John Ross, John Heath and Robert Thomas, their wives and children.

According to an article written by Lois Bassett of Venedocia, the land for the cemetery was donated by John Ross. The burials of his two sons who died ca 1837 and of his daughter who died in September 1837 were the first in the cemetery.

This cemetery consists of five acres and is very well maintained, has many beautiful shade trees and is still being used for burials.

Responsibility for this cemetery is jointly shared by the Trustees of Union and York Townships. At the present time records are kept by York Township. When their clerk retires or is not re-elected, the records will then become the responsibility of the clerk from Union Township.

ADDENDUM
to
CENTER & UNION TOWNSHIP CEMETERIES
1996

An alphabetically listing of persons known to have been buried, or a marker placed, in the active cemeteries in both Center and Union Townships since this book was published in 1988. More information is given from burial permits and obituaries which may, or may not, be found on the markers.

If the person already had a marker mentioned in our earlier book and has since passed away, that name will appear in this listing with a notation in parenthesis such as (G-2) meaning Section G of our map and in Row 2. Or, if no section is given, it would be listed as (Row ____).

Thanks to Hazel Fireoved, Lucille Gertz, Edith Gillespie, Vada Morr, Helen Parker, and the caretakers of these cemeteries for helping with this Addendum.
